Today in 1978, Lakeside students have a determined loyalty for their school, yet they don't seem to realize how Lakeside was born. A tiny seed was planted, nurtured, and it thrived. The proof of that seed is found in Lakeside today as students are educated and enjoy their teenage years.

But where did it all begin? The Ram Staff of '78 would like for you to travel back in time to 1927 when three very small independent rural schools — Shady Grove, Spurlin, and Sulphur — consolidated to form Lakeside.

At that time the freshly born Lakeside met a newly erected red brick building. The friendly brick school was actually quite small, but it easily accommodated the entire population of the school. In the first years, grades one through ten attended and by 1931 Lakeside had its first senior class (with only 3 members).

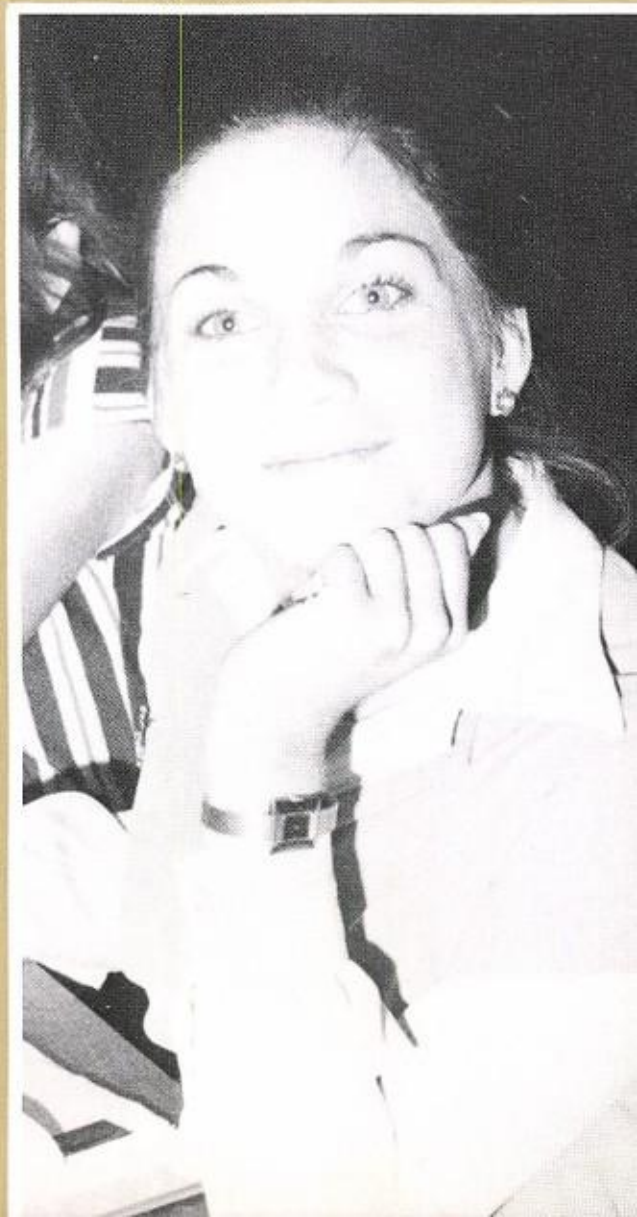

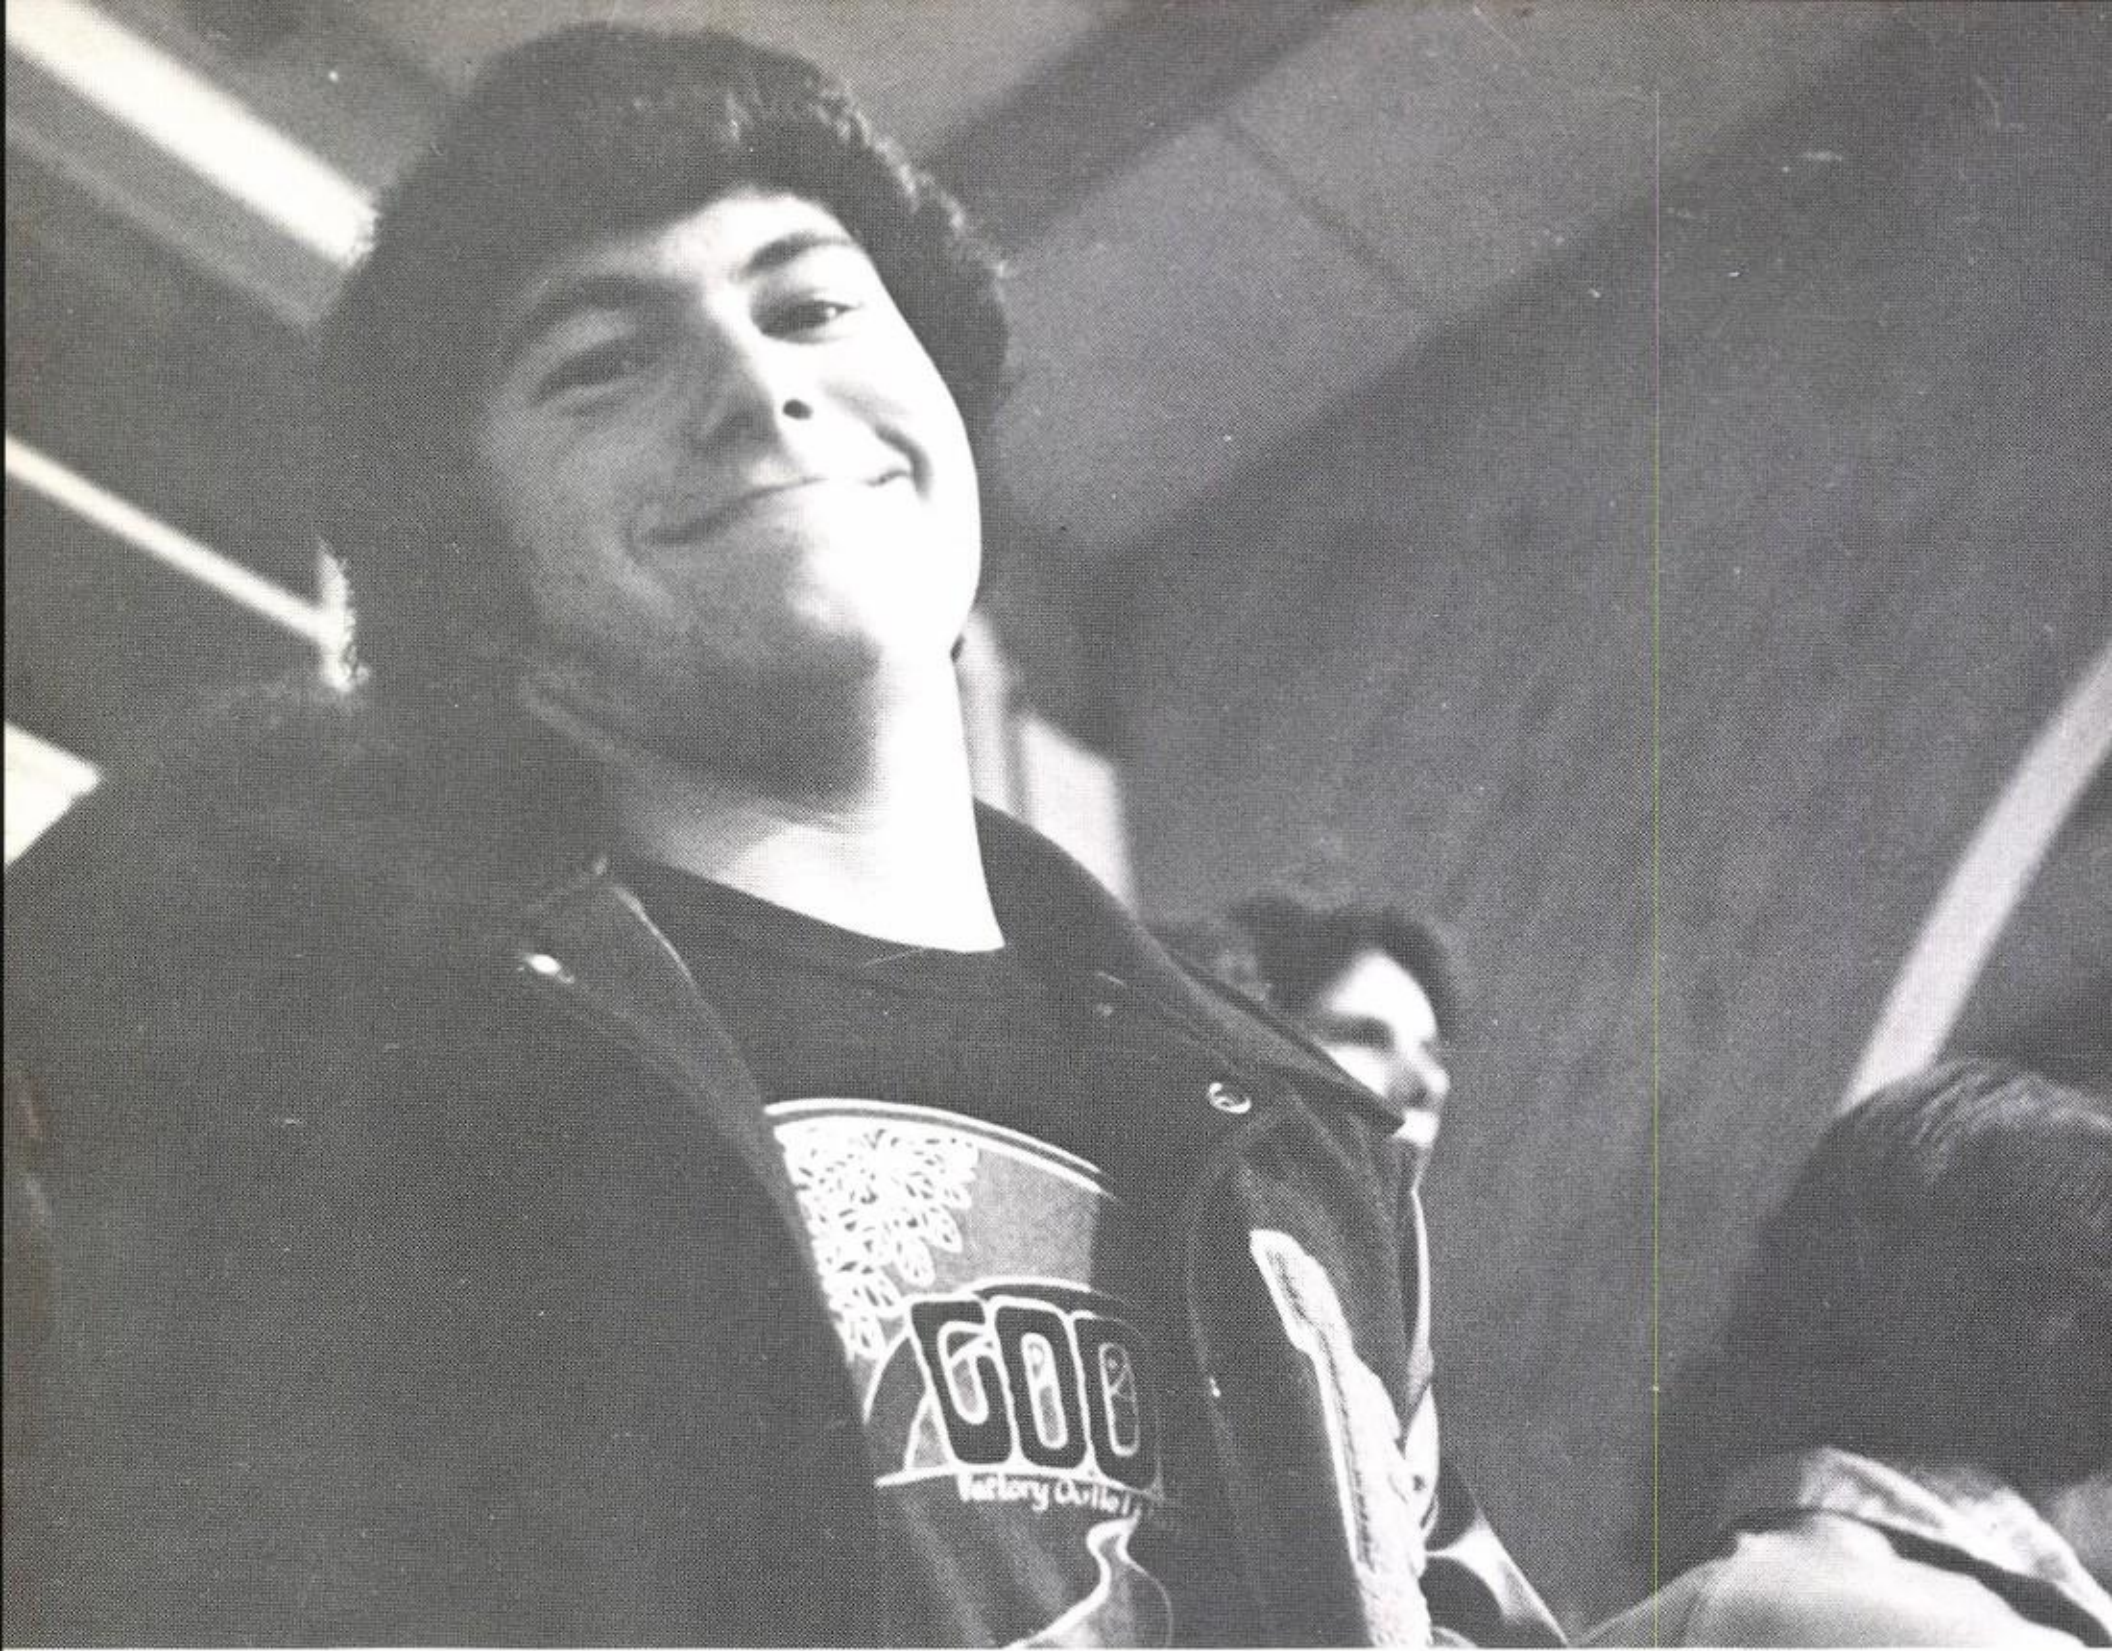

Naturally, a mascot had to be adopted by this staunch new school. A school meeting was held, and several names were suggested. But of the numerous suggestions, one name seemed to stand out. That name, of course, was "the Rams," which was suggested by Mr. Bill Simpson, the boys' basketball coach. Everyone present at that meeting must have felt that the name, "Rams", would represent their new school well because they decided to accept the suggested name.

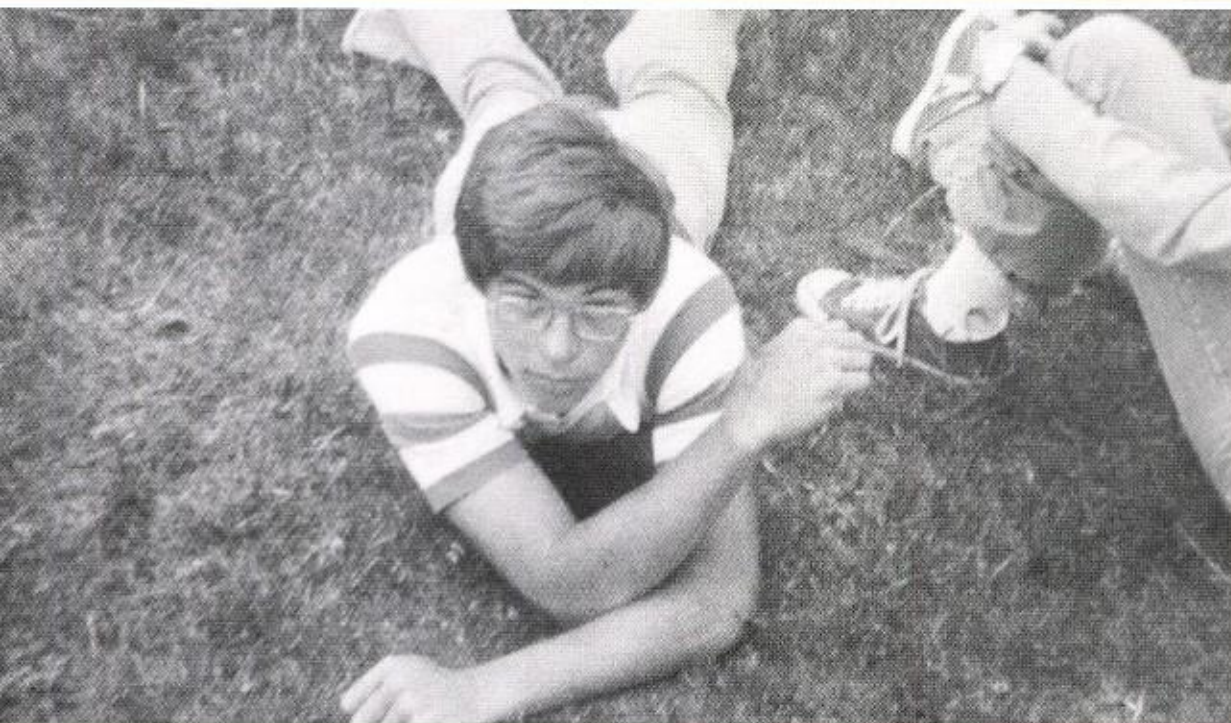

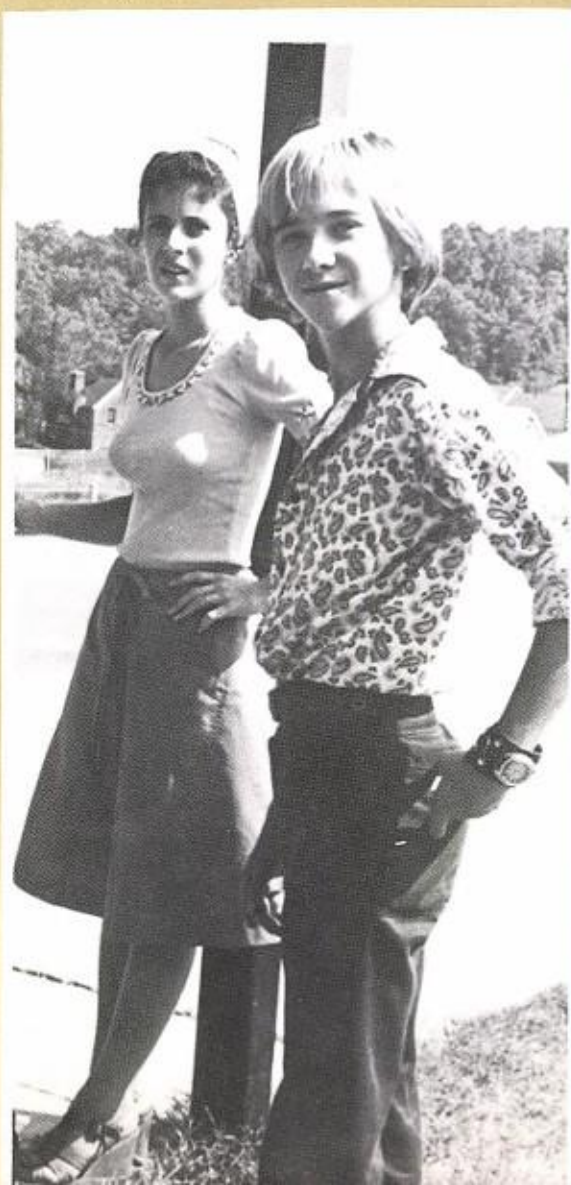

Today, in 1978, Lakeside students are surrounded by sixty-five acres of modern buildings, facilities, and grounds. Each building has the newest facilities and the most modern equipment which aids in making school a more comfortable place to be. There is a football stadium, a field house, an art building, an ROTC building, and a kindergarten building. There is a picnic area surrounded by pleasant shade trees, and plenty of grassy spots inviting students to come and absorb the warm sunlight. Courtyards provide a place for students to relax, eat, and talk to their friends.

There is a staff of about 40 in high school who teach a variety of courses and are willing to help the students.

Even though fifty years have come and gone, the students who helped "build" Lakeside had a great deal of pride in the buildings' appearance, too. They were proud of "the steam heated building, bright and shiny walls, overhead lights, and outdoor plumbing." If anyone was caught defacing or damaging the building, they were either thrashed with a hickory stick or forced to apologize to the entire student body during an assembly.

At Lakeside in its early years, fashions were somewhat limited because of lack of money. Girls usually wore skirts and blouses with sailor-type collars called "middy blouses." Boys dressed in jeans or overalls. Everyone dressed as best they could afford.

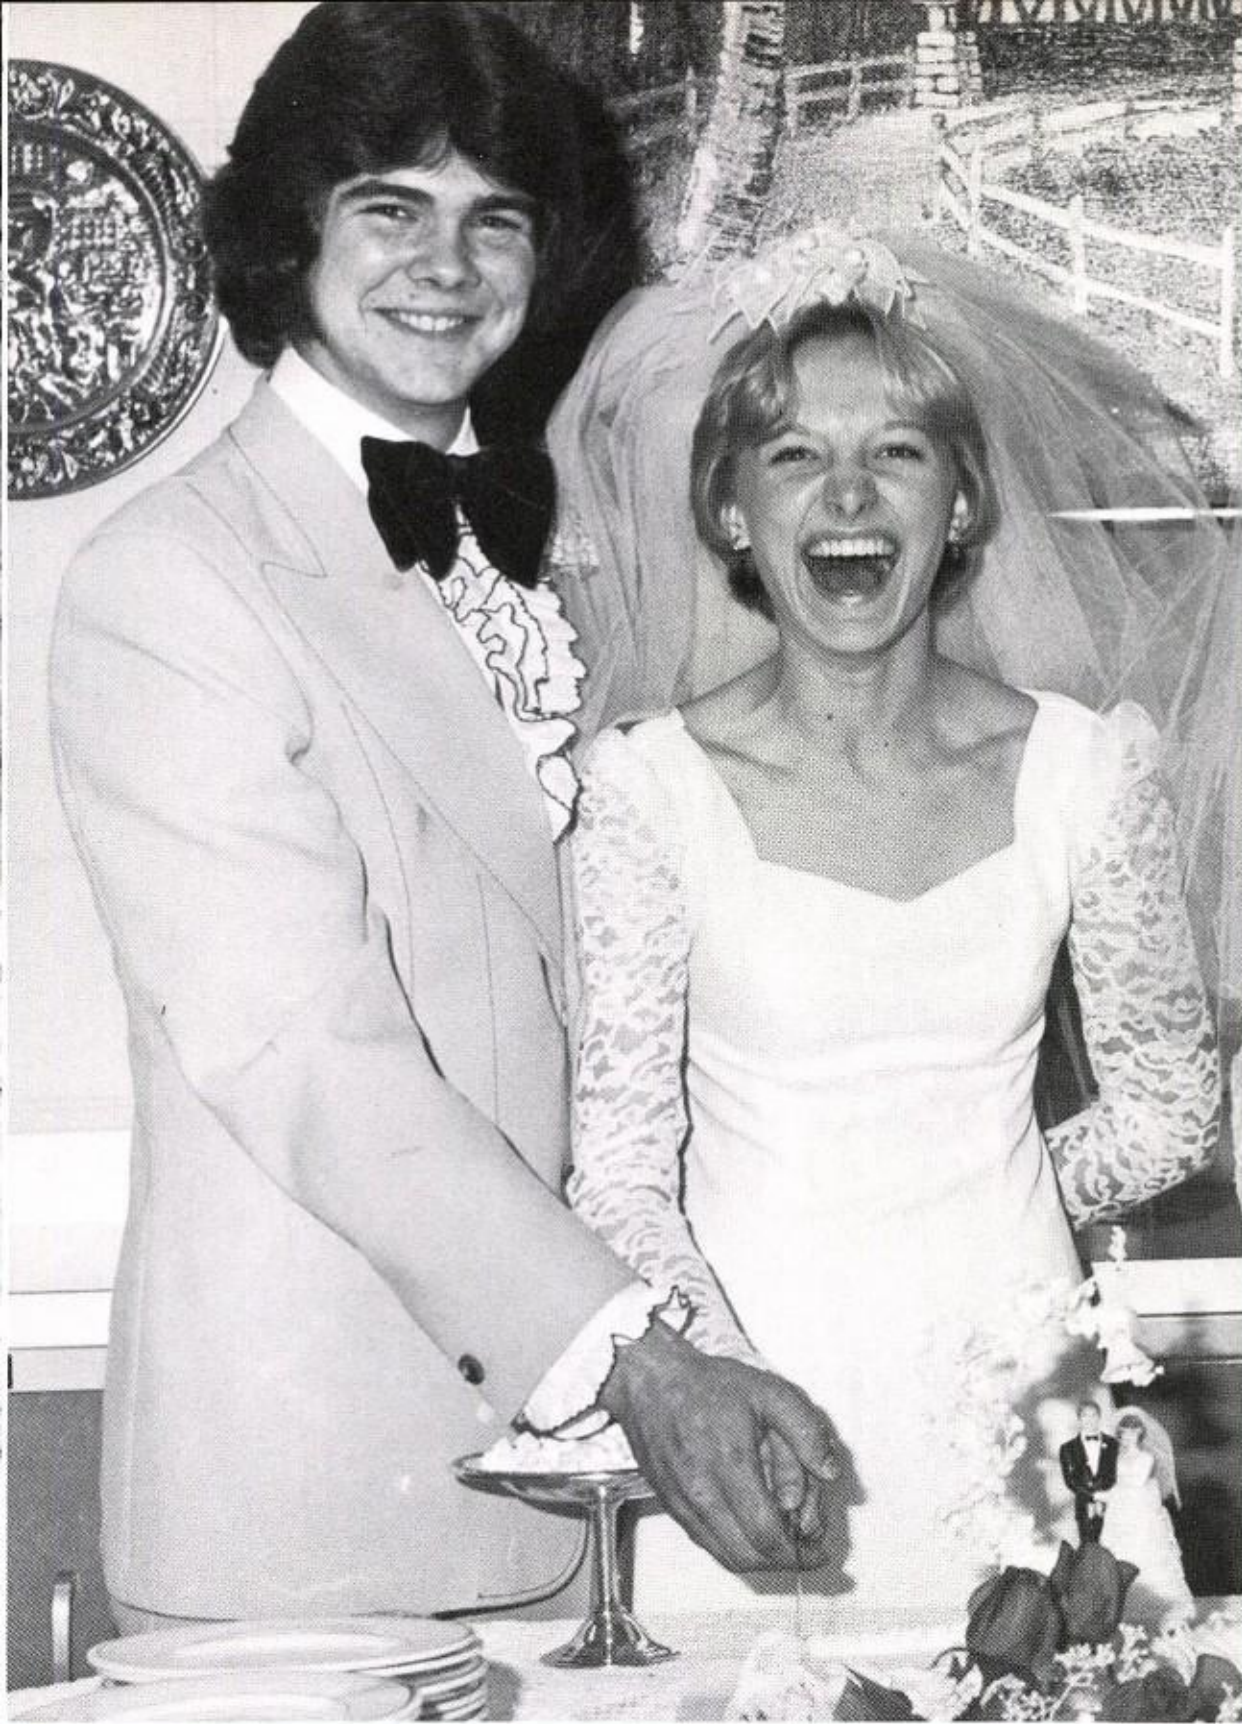

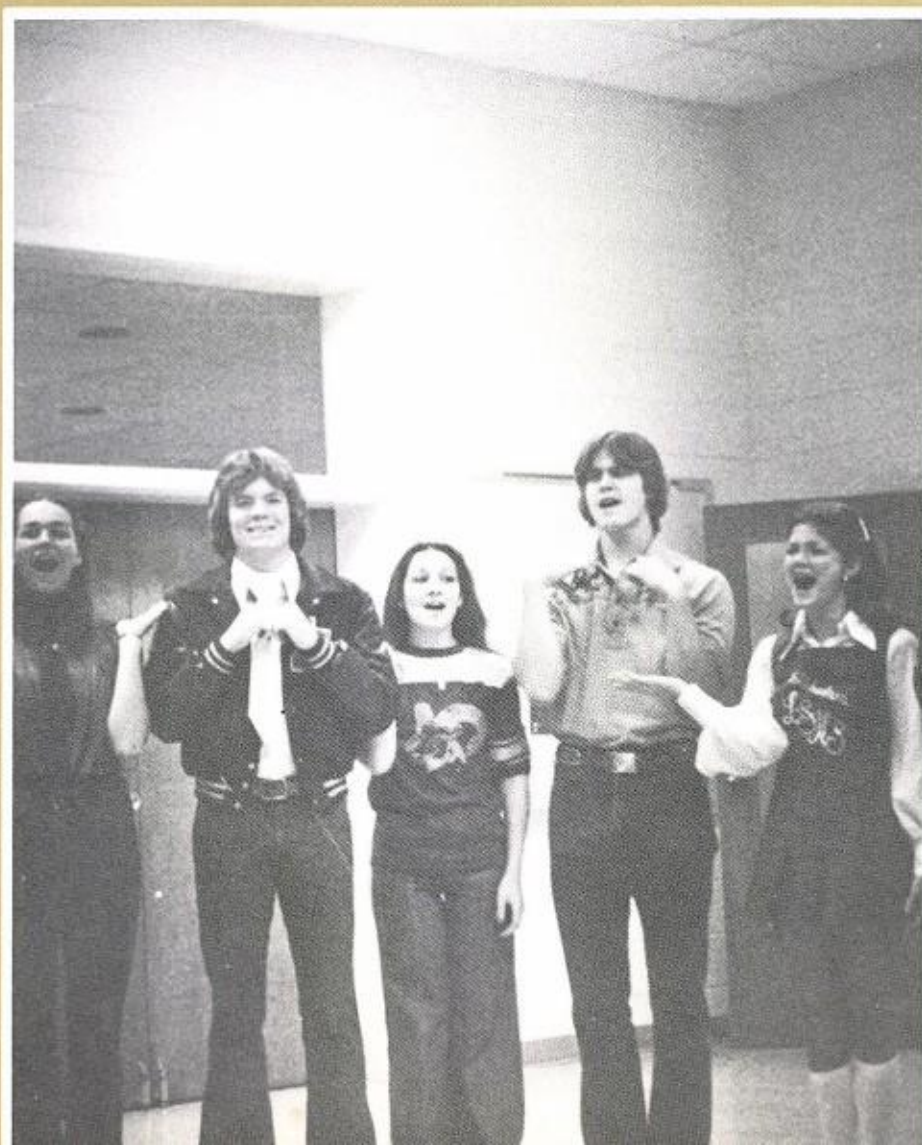

Of course, an education was the main issue, and the students in Lakeside's early years viewed the learning process in a very serious light. They had a great respect for learning and they really strived to gain knowledge. They were always eager to learn and didn't seem to be bored with school. The reason they didn't regard school as drudgery was because they knew they were fortunate to be able to afford to go to school. Many times, the students could not come to school because they had to help with the harvesting or other chores at home.

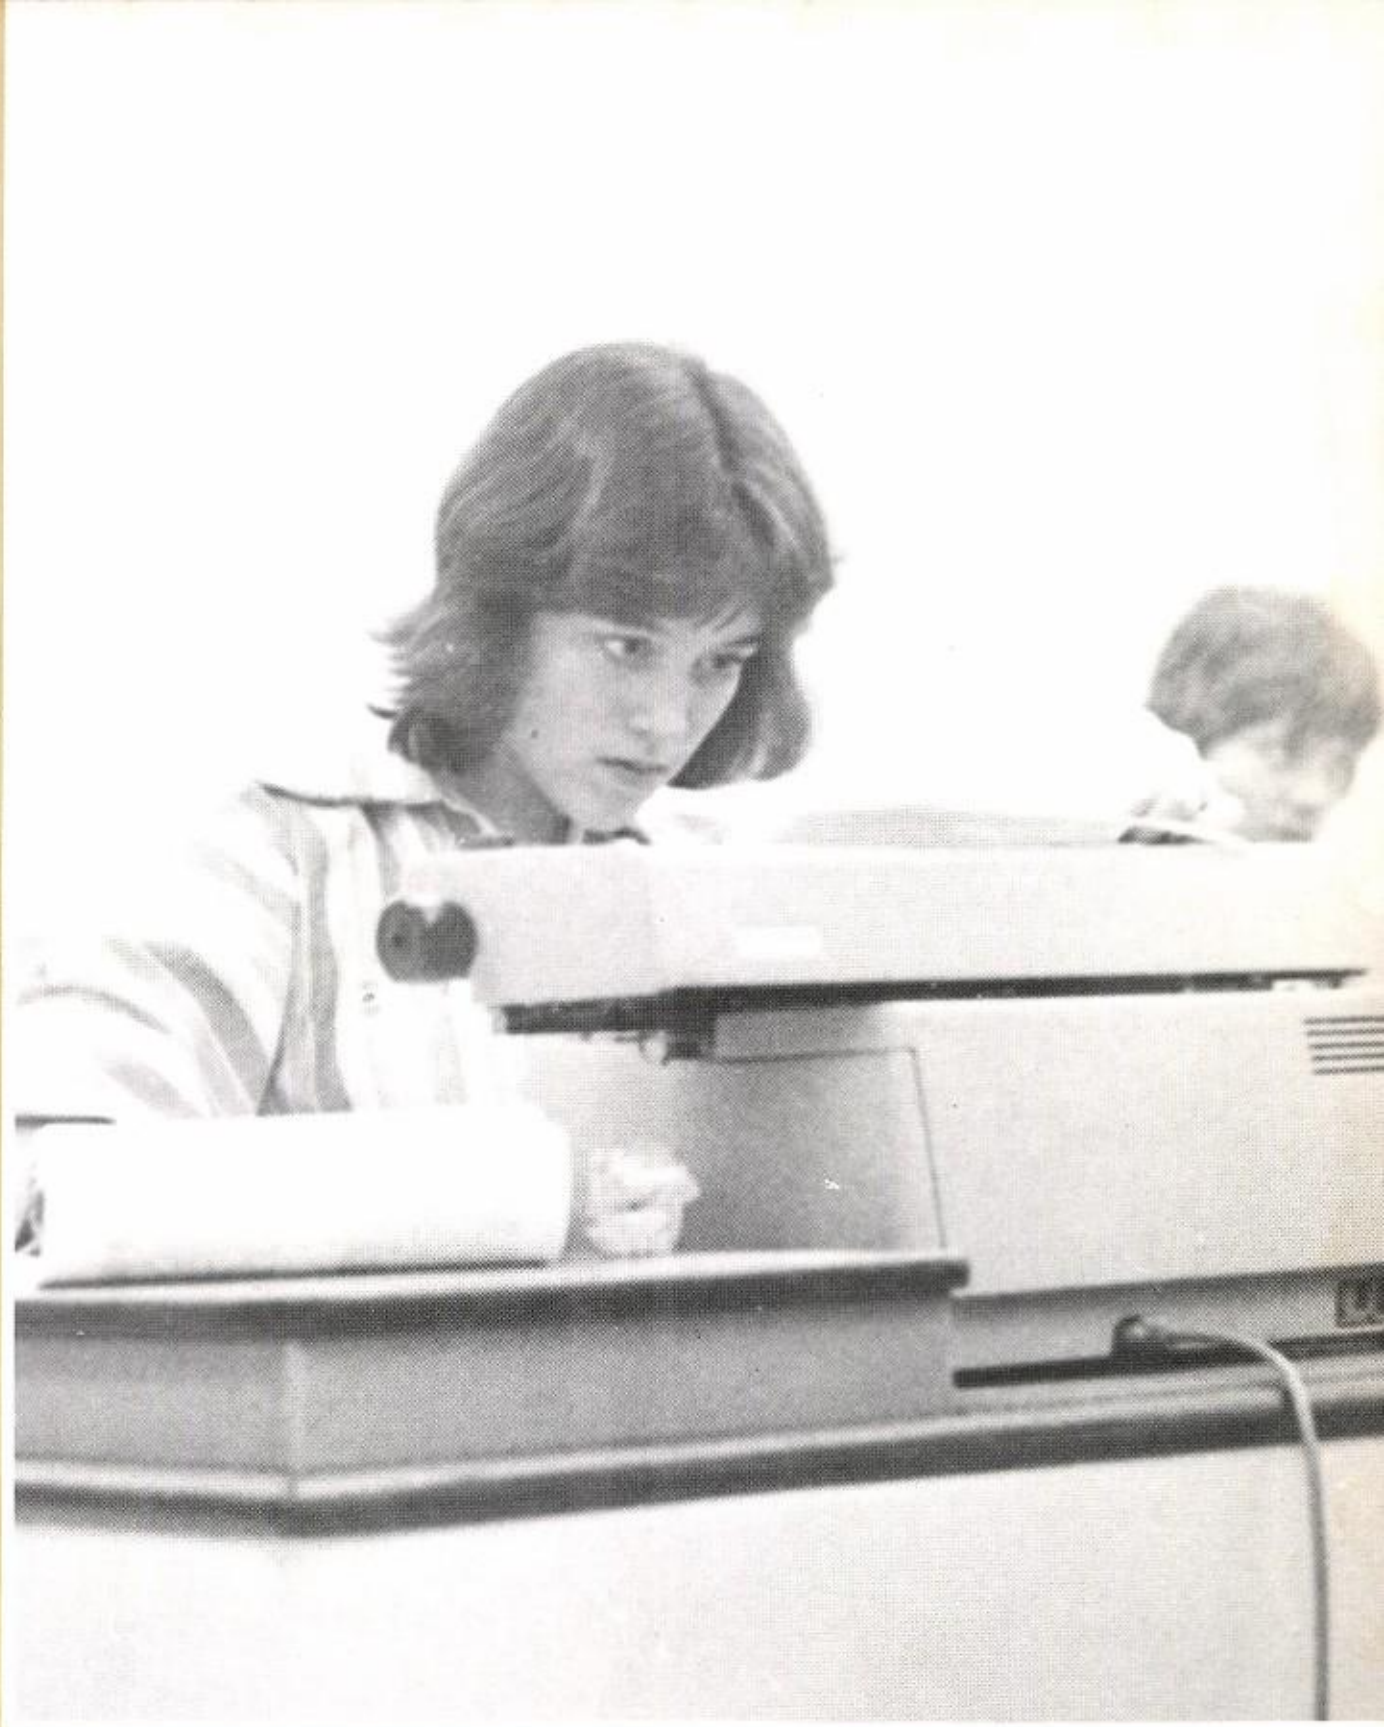

Campus life was much the same as it is today. The students laughed and joked, worried about impending exams, and were involved in extracurricular activities. As for these activities, they participated in the Music Club, which often presented programs for the entire school, the Drama Club which performed annual plays, the Home Ec Club and the Science Club, which participated in the 4-H and science fair for Garland County Fairs. Although each club was active, no dues were required because the majority of the students could not afford the expense of club dues.

At the end of the year a senior banquet and senior tea were held instead of a Junior-Senior Prom. The teachers would get together and plan the banquet which was held in a home of one of the teachers.

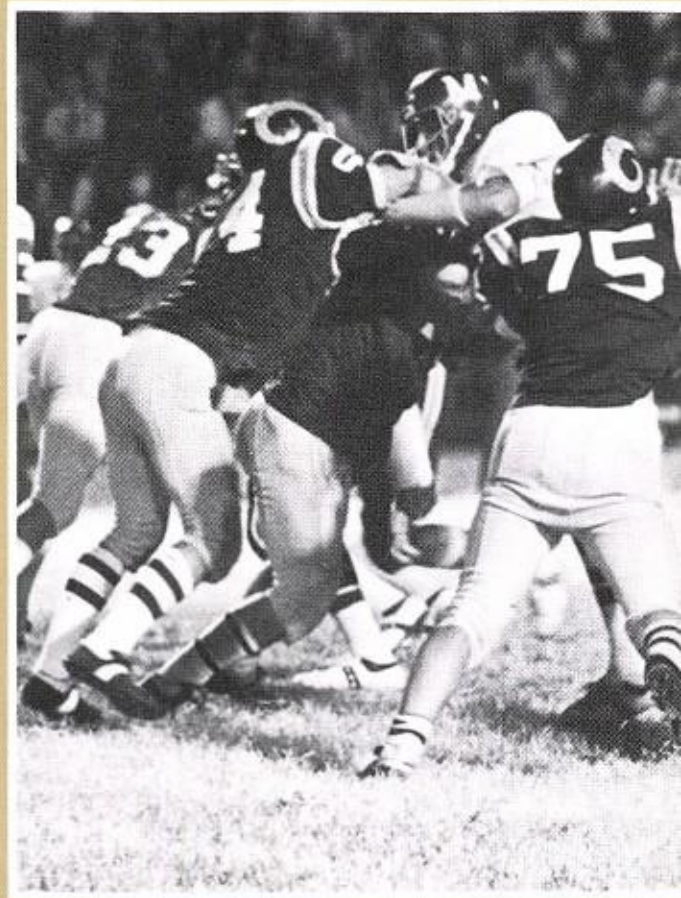

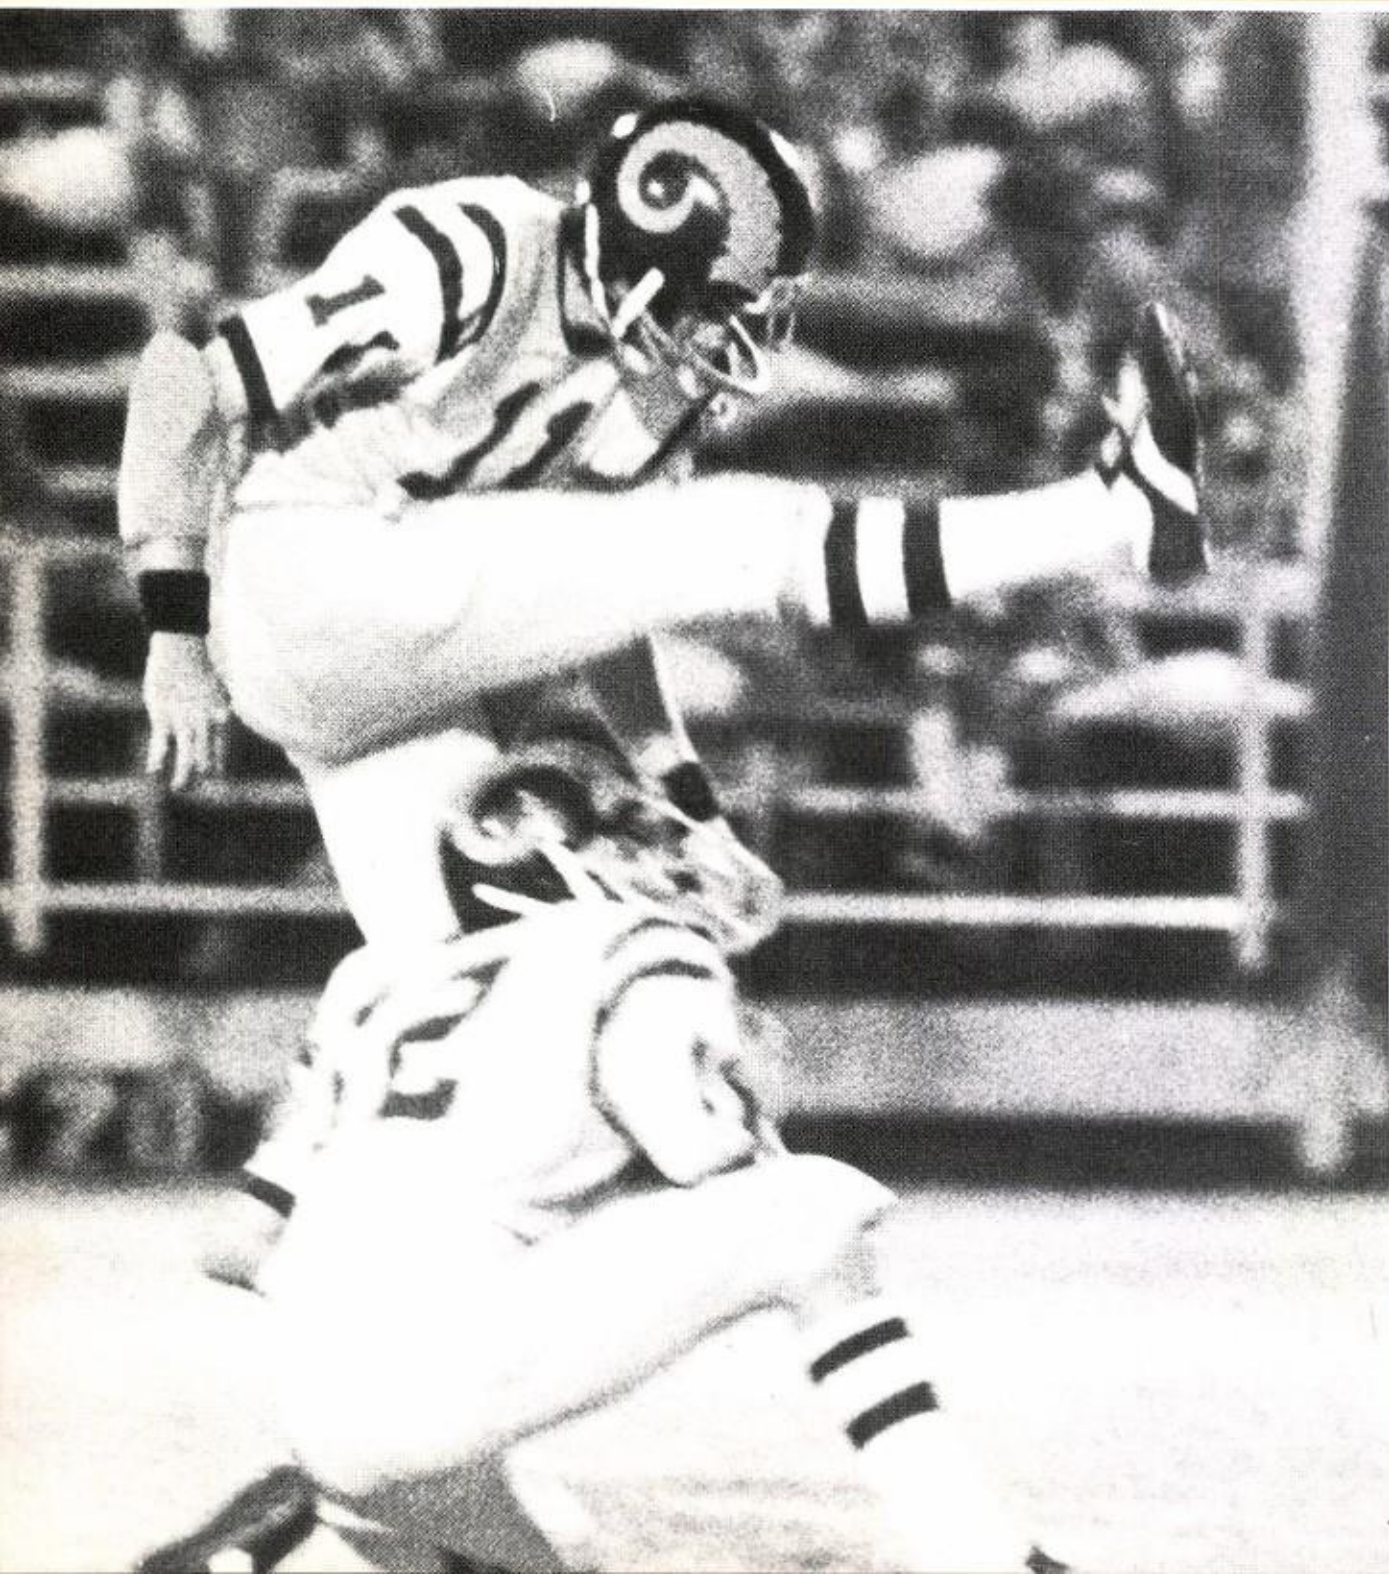

Life for these first students of Lakeside revolved around the home, church and school. Each played a major part in their lives.

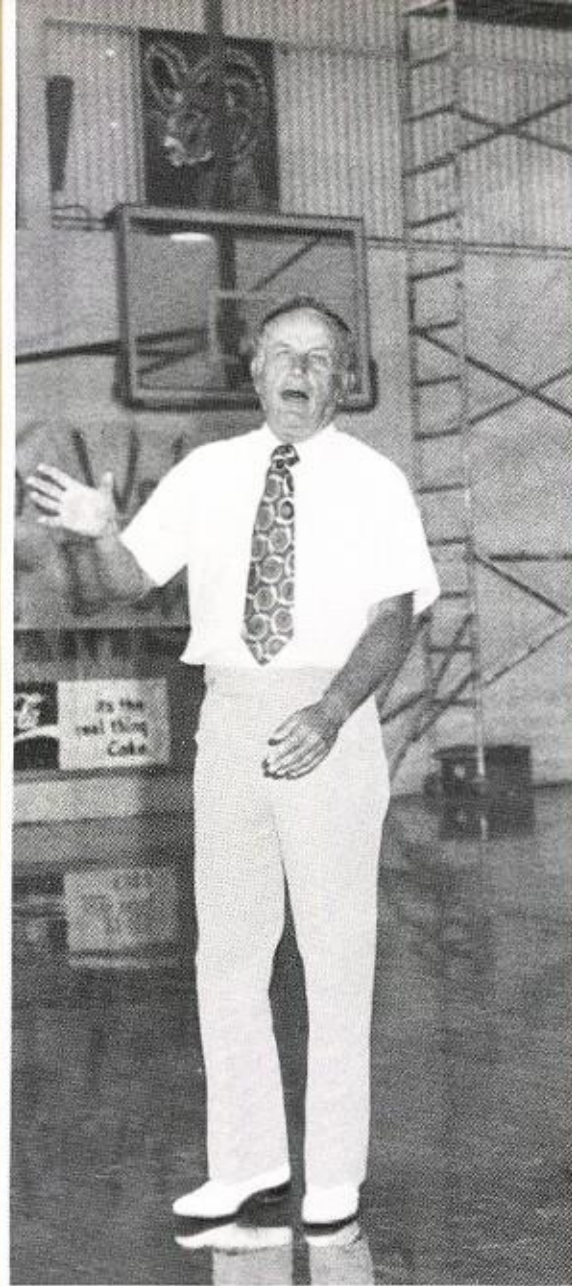

Although scholastics did play the most important role, sports played a considerable part in the students' lives. There was a boys' basketball team coached by Mr. Bill Simpson and a girls' team coached by Mrs. E.L. Terry.

Although the basketball players didn't have much opportunity to practice (only at lunch and during morning and afternoon breaks) they did win a number of games. At that time, Cutter Morning Star was Lakeside's greatest rival.

Both boys' and girls' teams had an endless supply of spirit and sportsmanship. Before each game, the players would gather and join in prayer and a pep talk was heard from Coach Simpson. A sense of comradeship existed between the players. They played the game together as a group rather than as individuals. They "gave it all they had" and in essence started the phrase, "Rams never quit!"

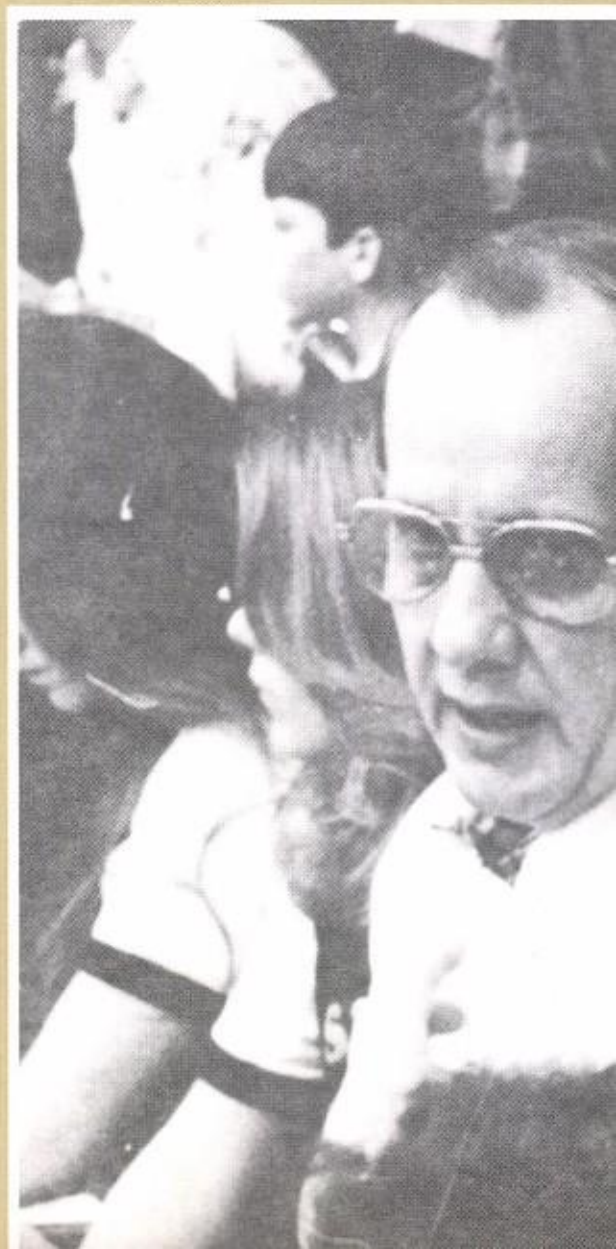

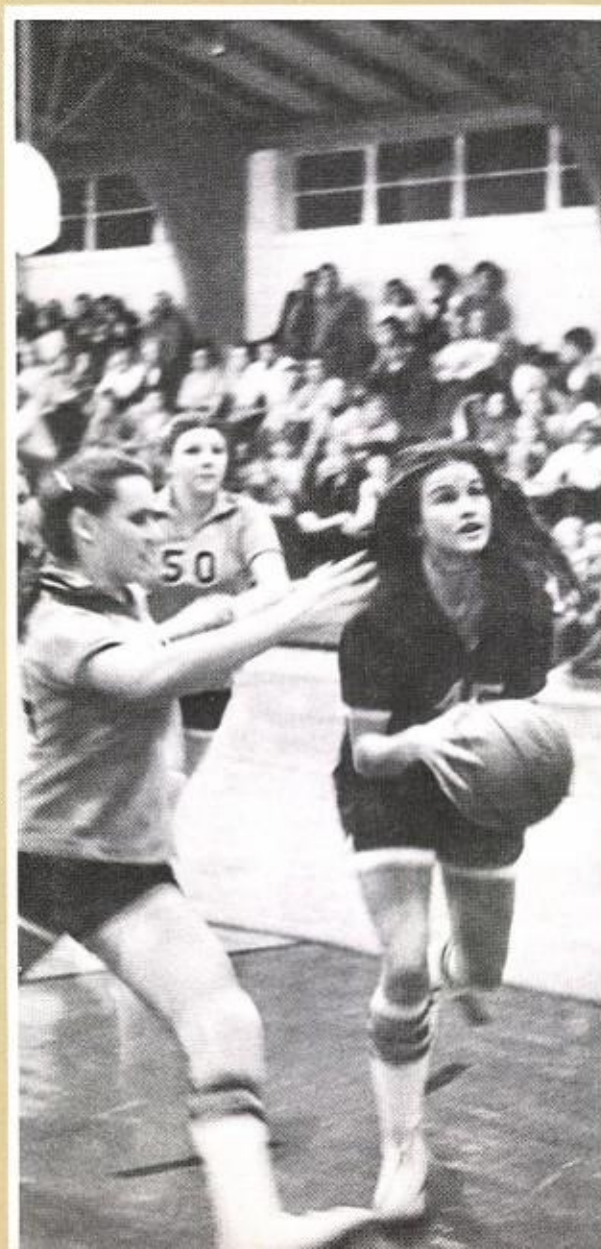

Pep assemblies were a spontaneous rally. Whenever anyone felt the urge to speak, he addressed the entire audience. The cheerleaders, players, teachers, coaches, principal and fans all contributed to the spirit-rousing assemblies.

The students must have really enjoyed basketball games because often they would endure a lot to watch the game. The games were played outside on a dirt court, even in the coldest weather, and there were no bleachers for the fans.

Other than basketball, only two other sports were played — baseball and track. However, the Rams excelled in basketball.

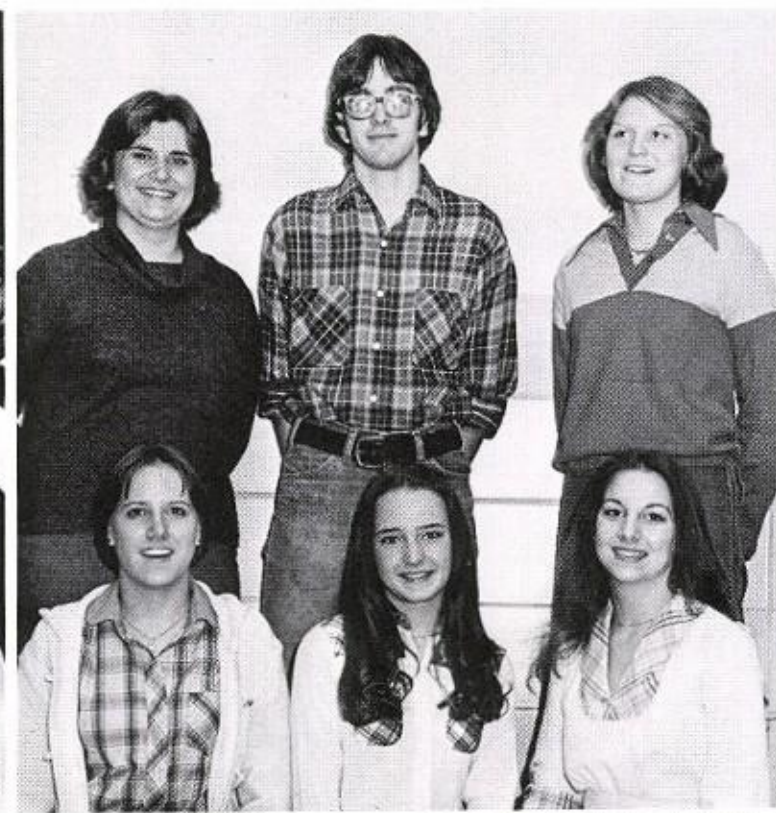

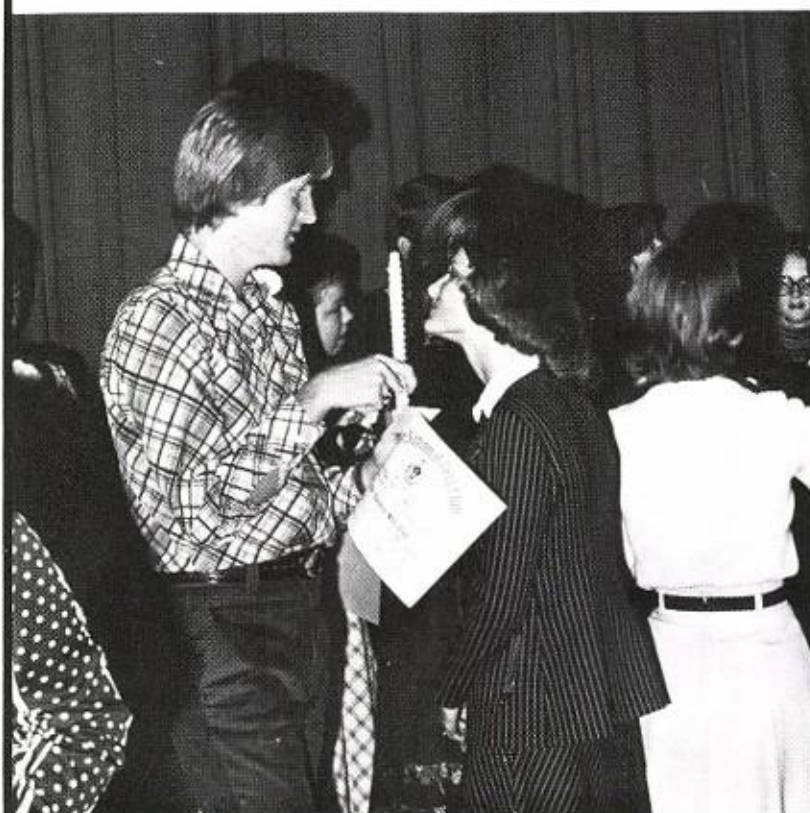

As you flip through the pages of the 1978 RAM, we hope you will join the Ramstaff in celebrating our fifty years of building, growing, and sharing. We hope you are as proud of Lakeside as we have grown to be.

The American Field Service sponsored a foreign exchange student this year and made Ana Delia Contreras Avolos from San Salvador, El Salvador, feel welcome as a Lakeside student. She has been a guest of Marsha Stillings, a junior, her new American sister. The group was proud to announce this spring that Marsha Stillings and Rebecca Griffin have been chosen for the Americans Abroad School Program next year and will be notified where their new home will be.

French Club: The main purpose of French Club is to study the history, language, and cultures of the French people. This year there have been slide presentations of French Polynesia and the French Basque country from the culture service of the French Embassy, and a trip to New Orleans French Quarters during Spring break. The French Club also supports Homecoming Activities with a float for the parade and participates in the American Field Service Carnival and Variety Show. In the Spring, they had an end-of-the-year-school dinner party at Le Mirabelle.

Members of Future Teachers of America are interested in the educational process. One of the main projects of this group is sponsoring programs for the Middle School Special Education class taught by Mrs. Segal. Parties are given for the special education students two or three times a year, usually during the holiday season. These programs include games, stories, refreshments, and favors. In April, the FTA sponsors Teacher Appreciation Day. Teachers receive special recognition through flowers, cookies, cards, and fruit. Finally, during the year members tutor elementary and middle school students.

Meetings are held once a month at various members' homes with potluck dinners and occasionally guest speakers.

The Lakeside Chapter of FTA is 50 years old this year and was the first chapter in the state of Arkansas to receive a charter. A scrapbook has been prepared to show the accomplishments through the years and is to be presented at the state convention.

The Future Homemakers of America are involved in many worthwhile activities. The Christmas Tea is for the FHA members and mothers and was held at the H.S. Country Club. Members sold Stanley products, worked in football concessions and sold cookbooks as their main money-making projects. The girls and Mrs. "T" planned several noon luncheons and the annual mother-daughter banquet. Each year the FHA organizes and sponsors a dance for the Middle School and other party activities. An evening dinner was held at John Barleycorn's Visions in Little Rock early in the spring. The FHA has attended the state convention and a federation meeting at the convention auditorium.

FHA Officers are: Leesa Milligan, President, Pam Brooks, 1st vice president, Brenda Sims, 2nd vice president, Rebecca Griffin, 3rd vice president, Allison Williams, Secretary, Ann Sullivan, Treasurer, Beth Hill, Parliamentarian, Michelle Forshberg, Merit Chairman, Tammy Thurman, Activity Chairman, Debbie Cusick, Program Chairman, Lynda Bates, Concession Mgr., Donna Shelby, Concession Mgr., Tammy Felts, Historian.

Spanish Club — The purpose of the Spanish Club is to provide an opportunity for the students taking Spanish courses to study the language, people, and background of Spanish-speaking countries in a more enjoyable way than in the classroom.

Among the most important things the Spanish Club has accomplished: participating in the Arkansas Teachers' Foreign Language Festival in Little Rock, supporting a child through the Christians' Children Fund, participating in the American Field Service Carnival and Variety Show, and meeting at members' homes for a potluck supper and games.

Science Club — Row 1 — Janet Jackson, Lynda Hyndman, Kathy Mahaffey, Kathy Greene, Kathy Winters, Laura Greene (Secretary-Treasurer), Barbara Underwood, Tracy Cash (Vice-President), Debbie Godwin. Row 2 — Greg Waterman, Jerry Buzard, Tom Evans (Reporter), Keith Evans, Jimmy Sherman, Tony Brooks, Steve Boling, Wade Espenschied, Mrs. Roberts (Sponsor), Donna Larkin (President). Row 3 — Spencer Beavert, Ron King.

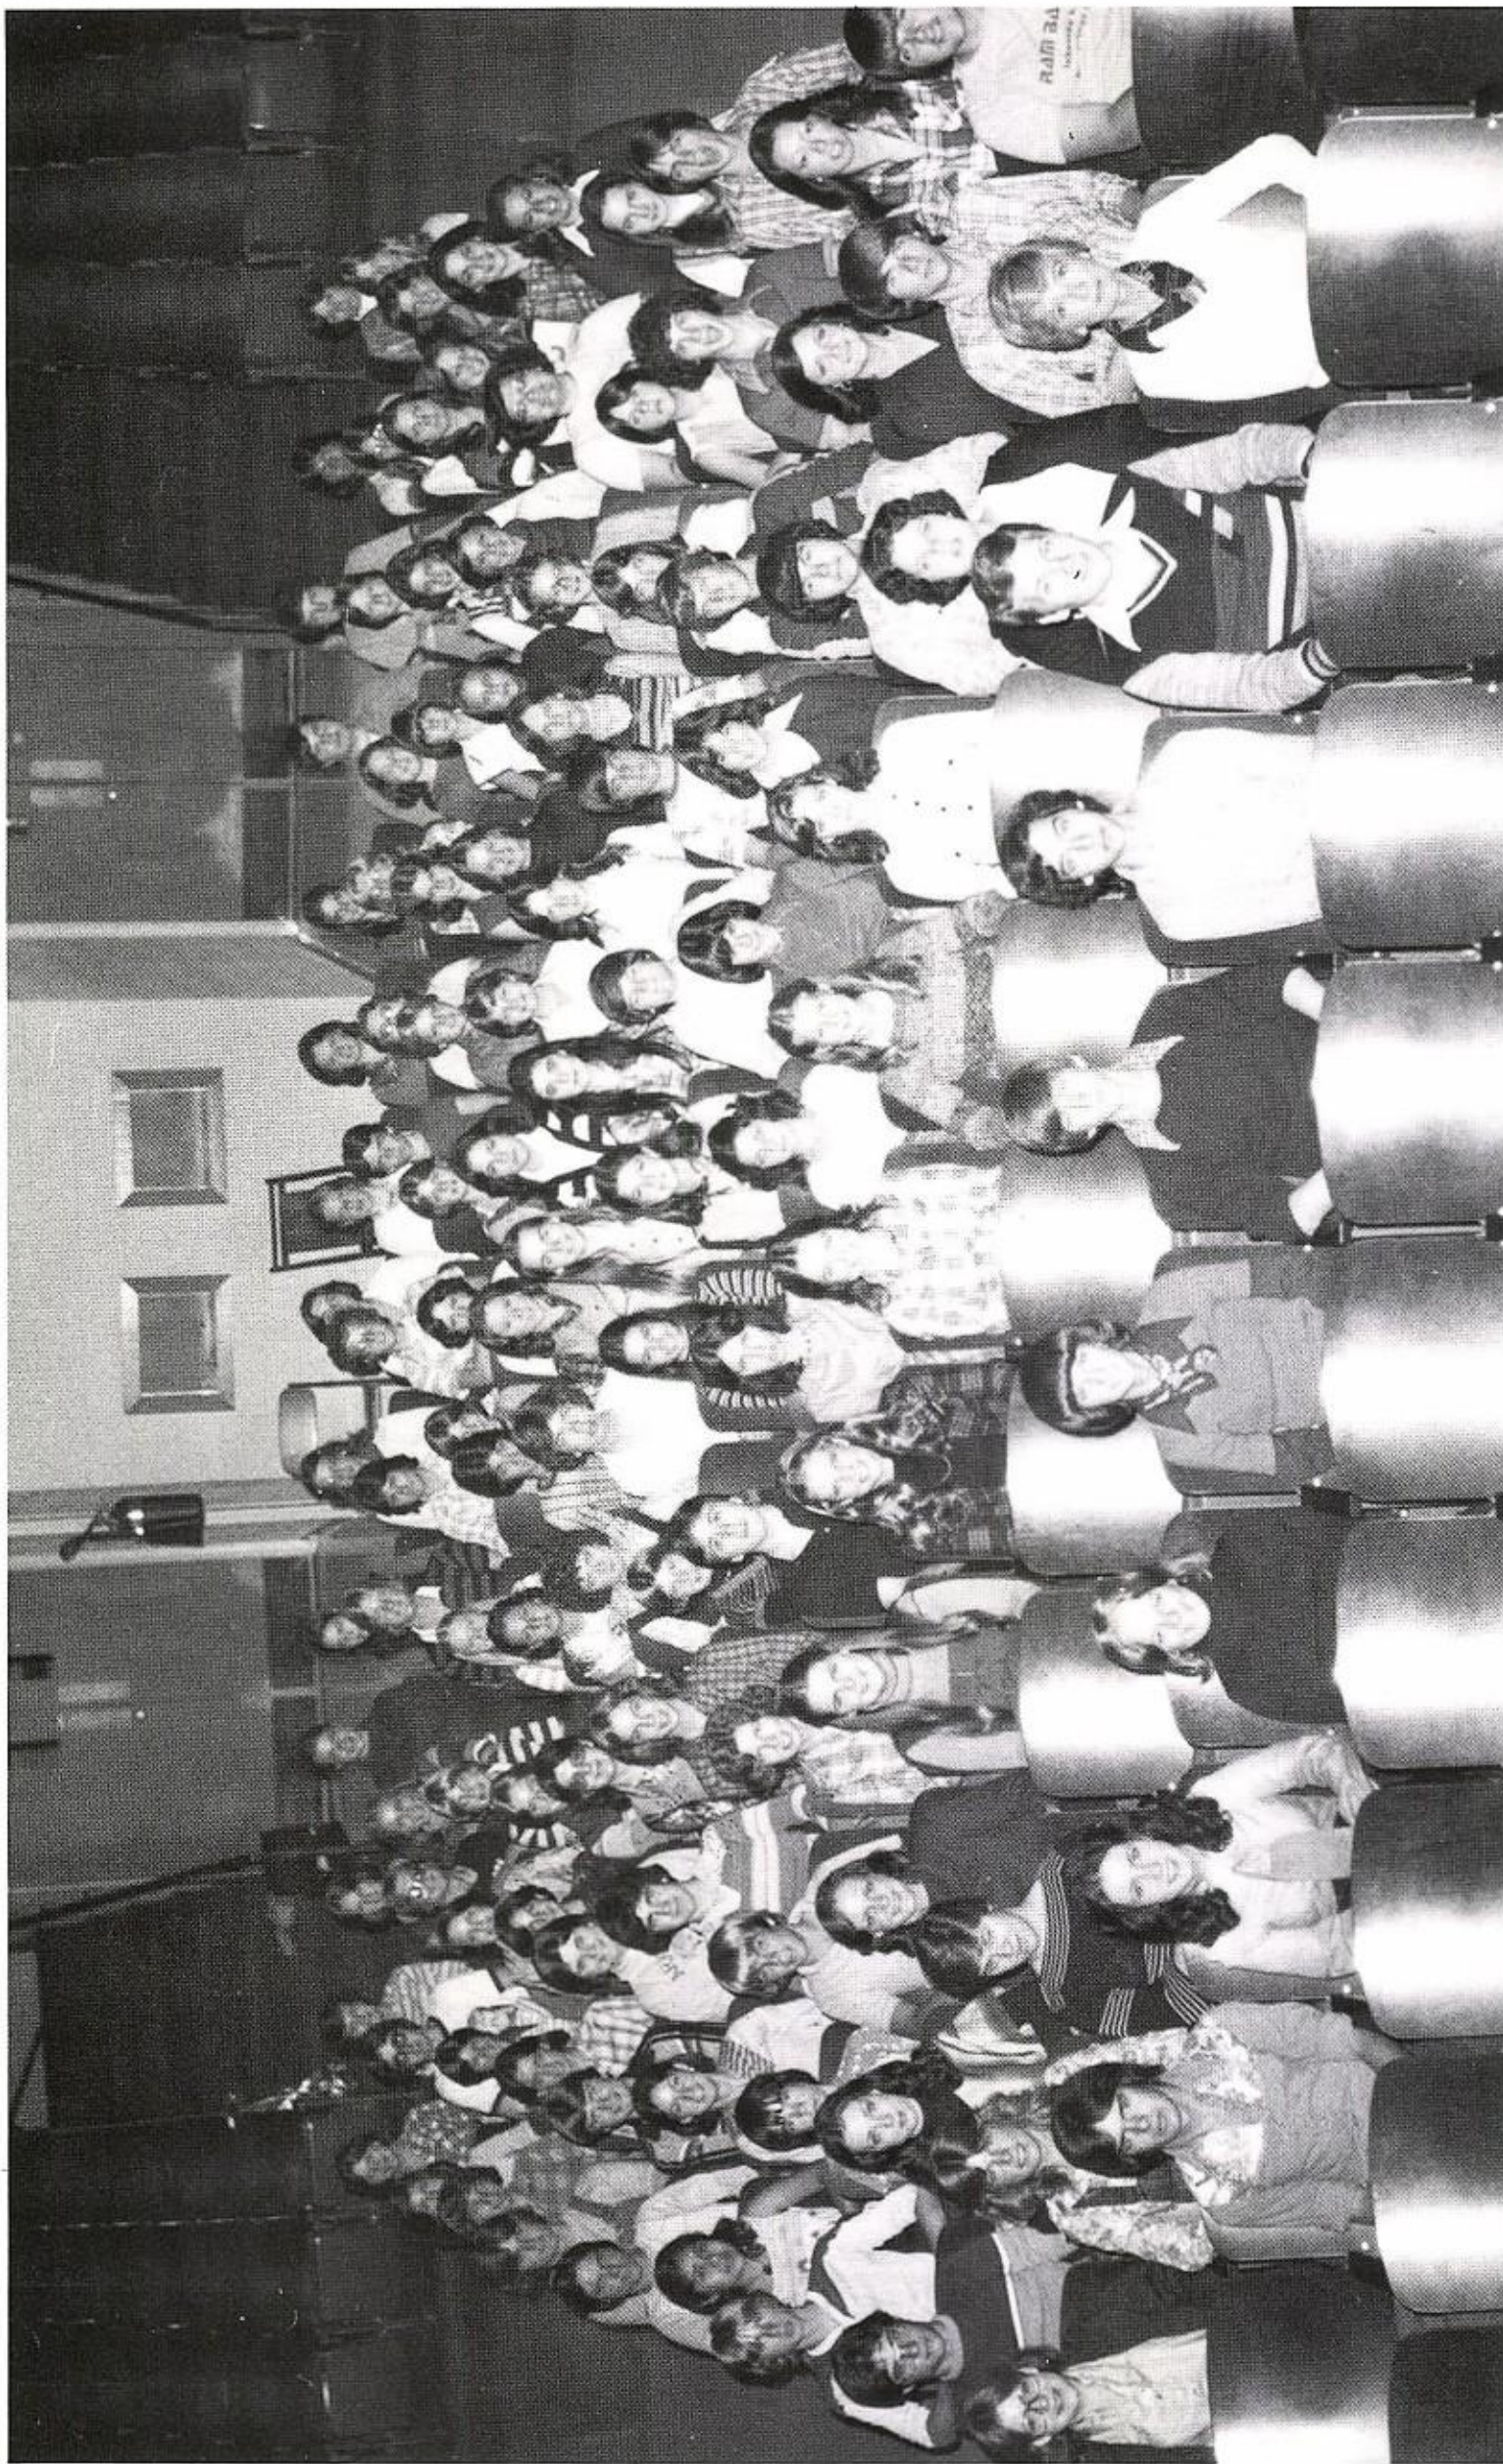

The Science Club is a relatively new club on campus. The purpose of the Science Club is to promote interest in science as well as to encourage individualized study on projects to be entered in the Region IV and State Science Fairs.

This year five students entered Region IV Science Fair held at OBU in Arkadelphia. Lynn Bailey placed third in Behavioral Science. Wade Espenschied received honorable mention in Earth and Space Sciences on his project on space colonization.

Donna Larkin also entered the division of Earth and Space Science with a project entitled "Sunspots-Weather; Is There a Relationship?" Donna received second place in her division as well as Awards of Excellence from the United States Air Force, the United States Army, and the Meteorological Society.

The club also plans to have a "star-gazing" party to be held in the spring as well as a proposed trip to the Magnet Cove Planetarium.

#### What is a Thespian?

A Thespian is a dedicated student who is interested in the dramatic and liberal arts. He participates in various dramatic functions, such as school plays, competing in tournaments, and other Speech activities.

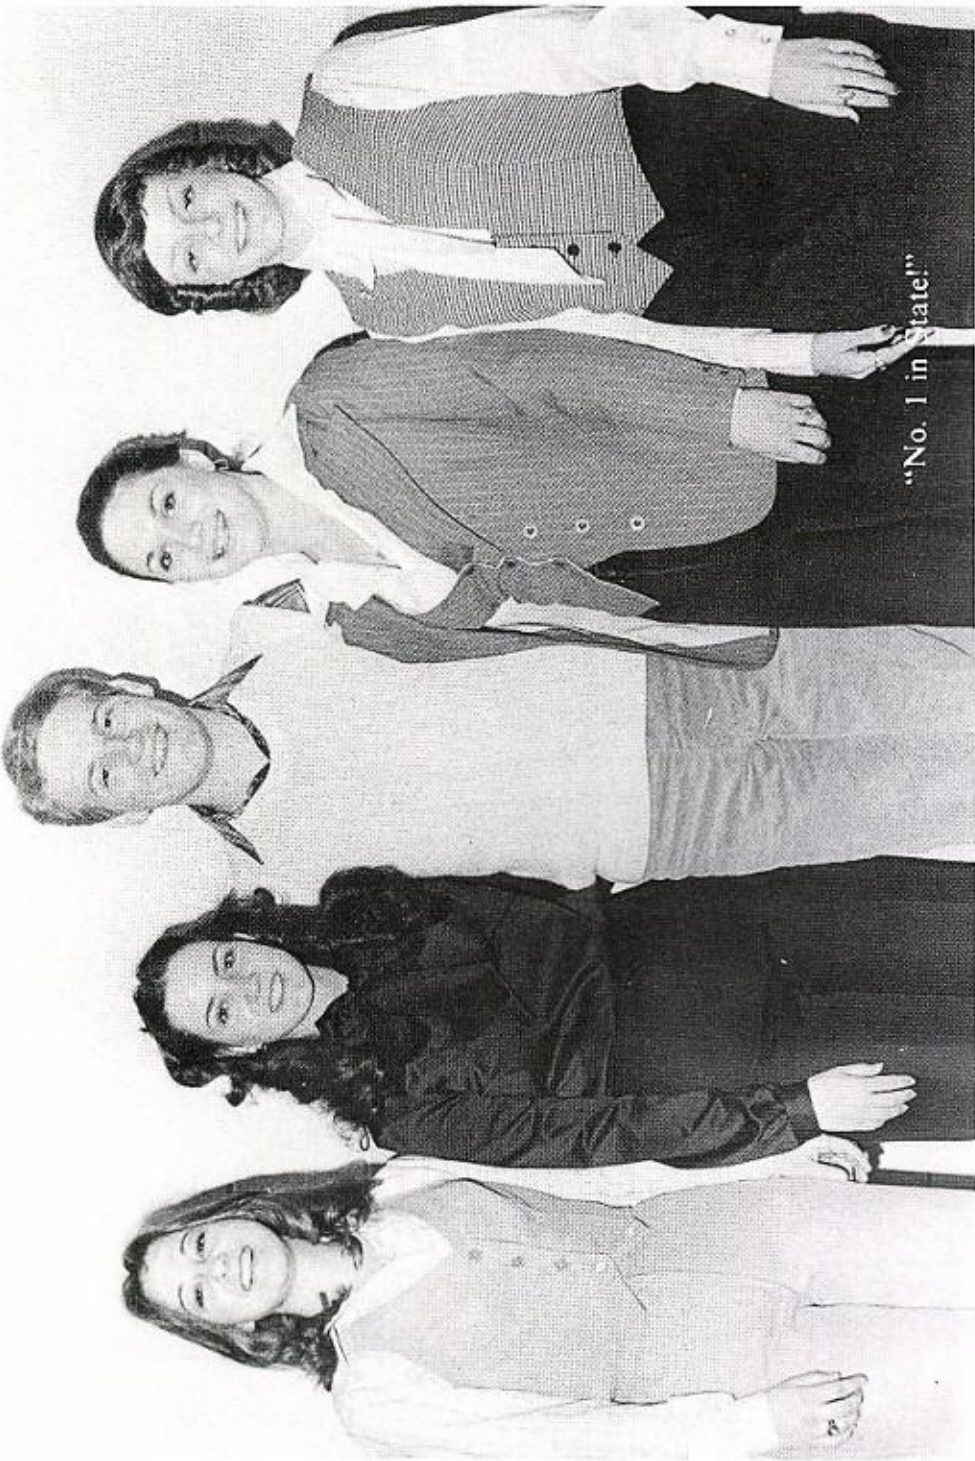

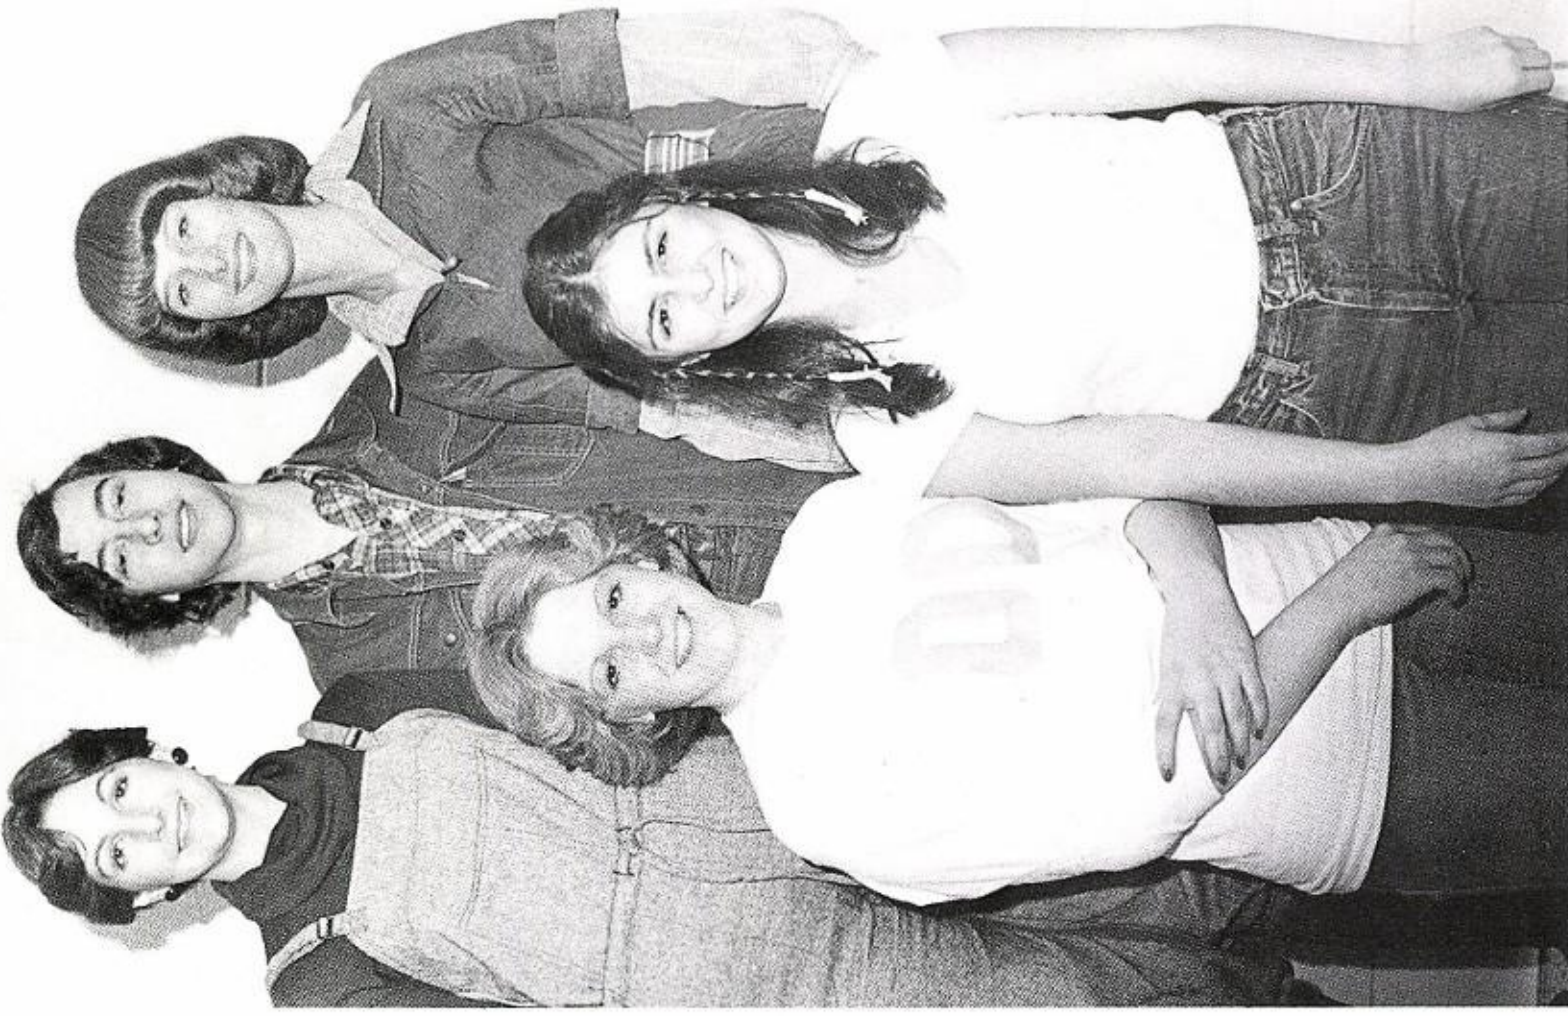

What is the purpose of a Thespian Society — "The International Thespian Society was organized for the purpose of advancing the standards of excellence in Theatre Arts in the secondary schools, and to honor those students who have done outstanding work in school theatre programs. The Society is a service as well as an honorary organization that stresses continued participation in the arts as a means of widening the student's and community's cultural horizons.

To become a Thespian at Lakeside, a student must have earned at least ten (10) points. These points can be earned in various ways such as participating in the acting, producing, directing, business, or writing sections of a play.

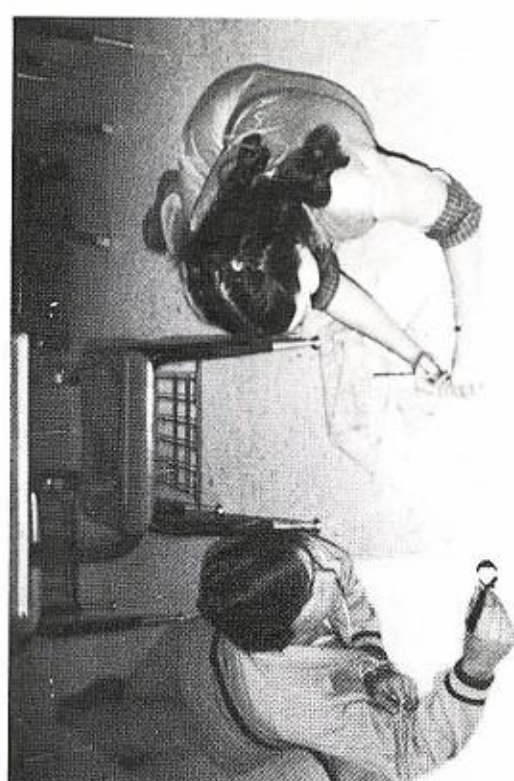

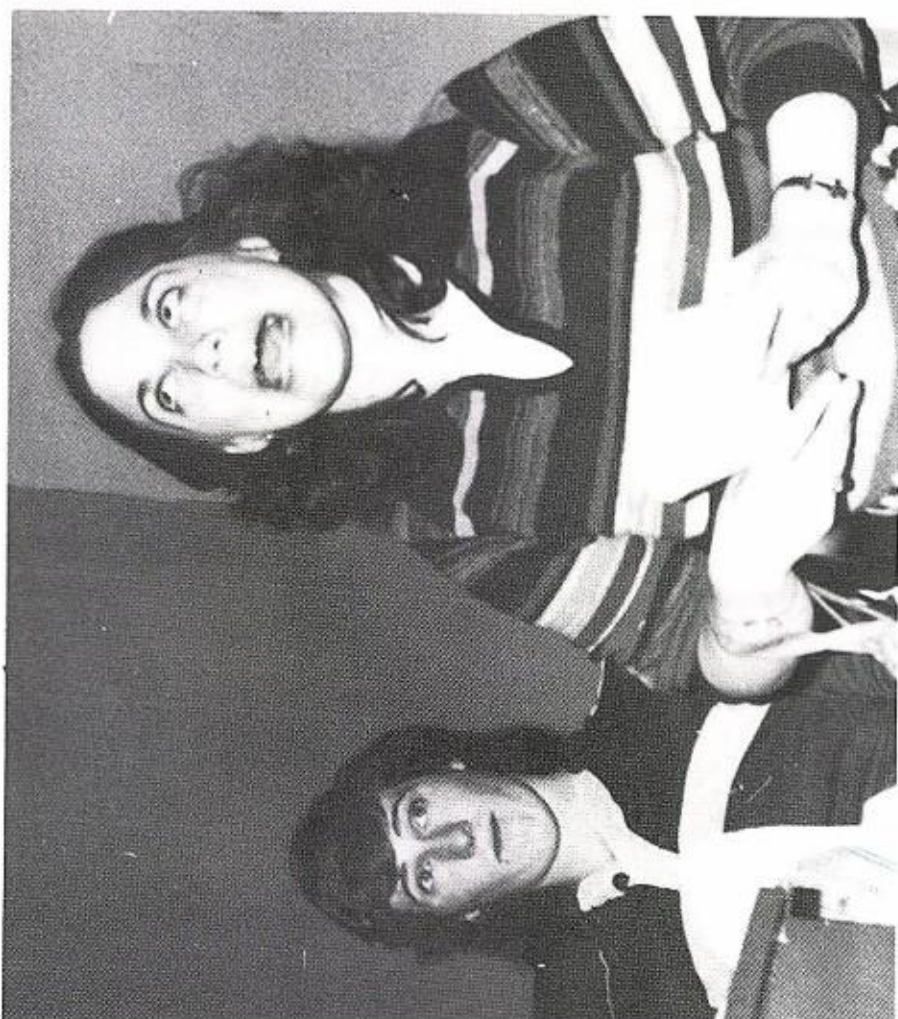

Being a Thespian is an exceptional honor; each one should be recognized for his outstanding merit.

Being a Speech activist is time-consuming and involves a great deal of knowledge, hard work, and dedication.

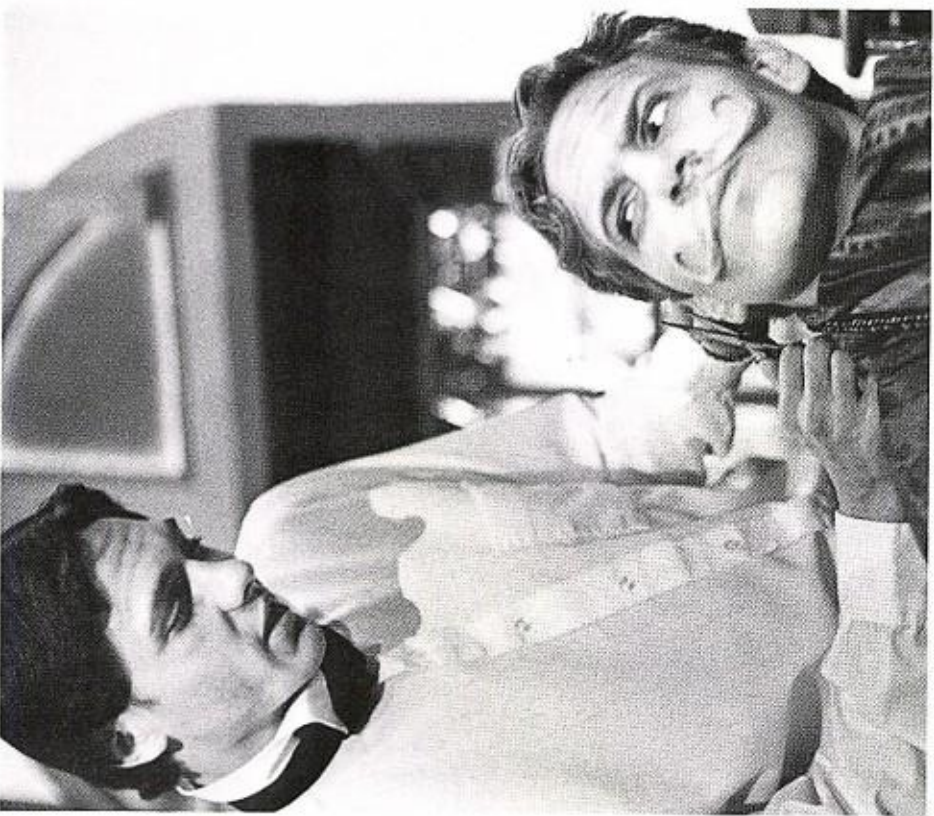

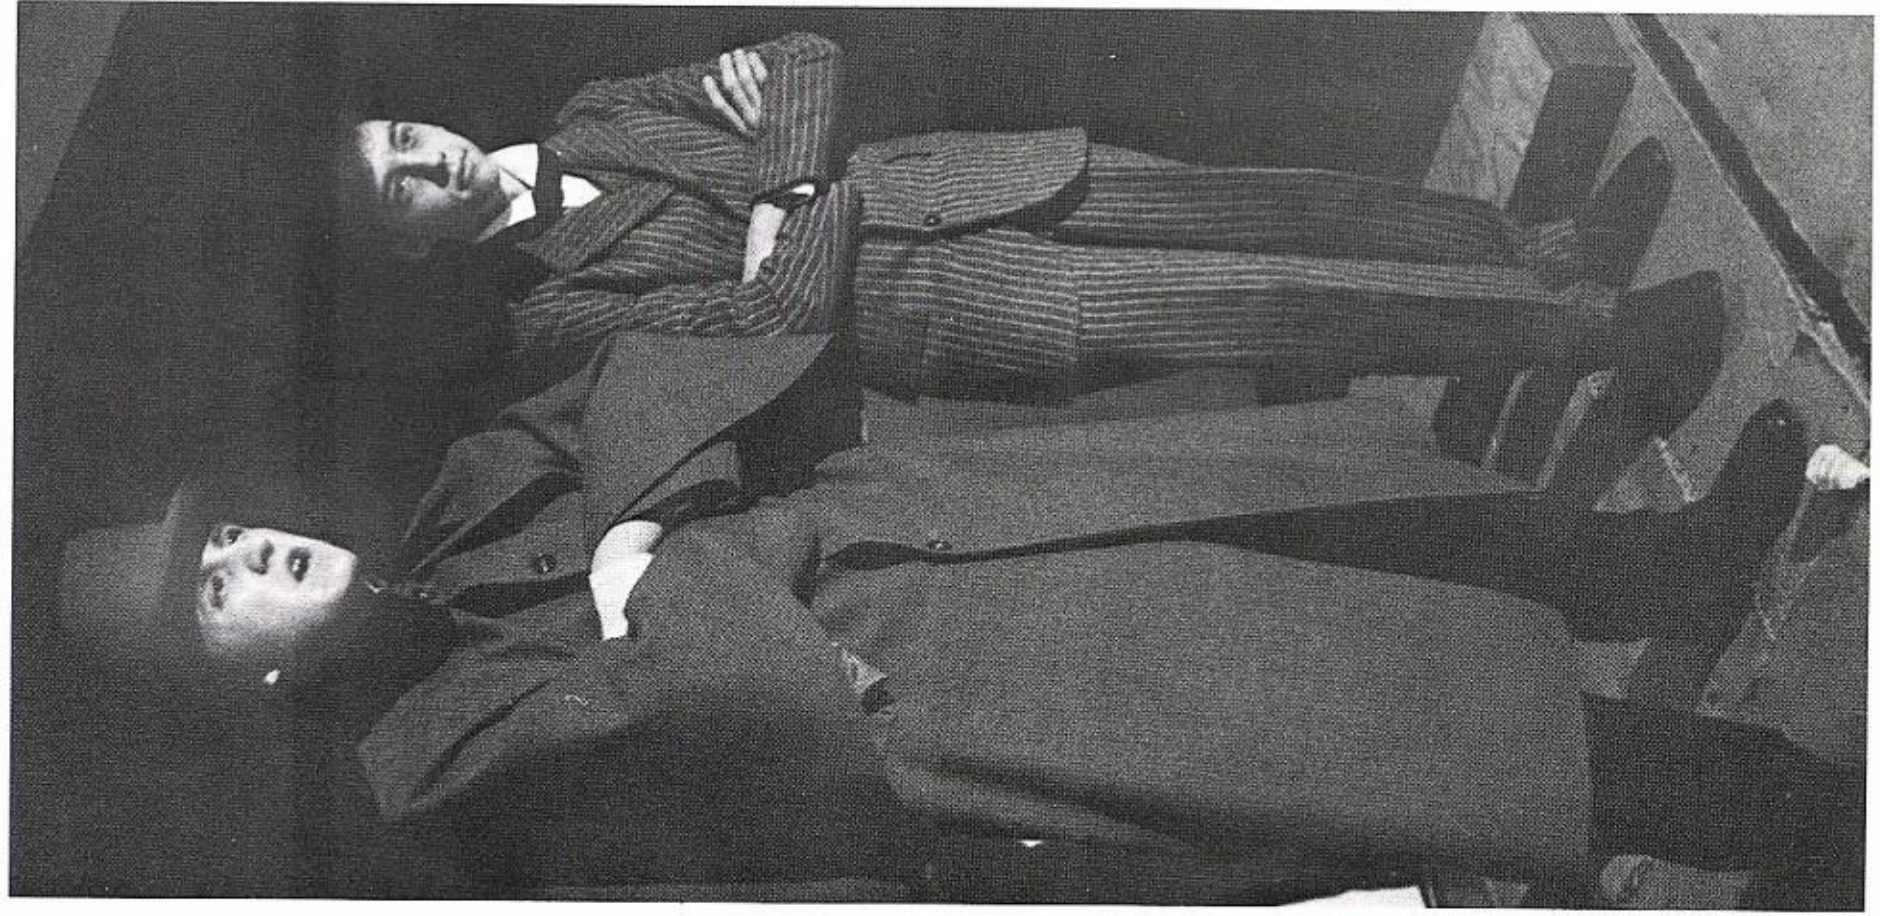

In the 1977-78 school year, the Speech department, sponsored by Mrs. Charlene Shehane, has attended numerous tournaments where they unfailingly received many awards. The Speech students have put on a play, "The Matchmaker," by Thornton Wilder, and staged a variety show. They also hosted their own Speech tournament at Lakeside.

"The Matchmaker"

"The Matchmaker," by Thornton Wilder, was staged by various members of Drama Club on March 10-11 in the Lakeside High School Auditorium.

The National Honor Society officers and members remained active in several worthy and commendable causes. Their activities began last Spring when a candlelit ceremony was held for induction of new members with a reception afterward. During football season, National Honor Society members sold football programs. They made a contribution to the March of Dimes by carrying trays in the school cafeteria for a donation and by participating in the March of Dimes Walk-a-thon. To conclude their 1977-78 activities, they will hold an induction ceremony for new members of the 1978-79 school year.

#### ANNUAL PANIC

Twass the day before deadline  
And all was not right,  
Not a creature was stirring,  
Not even a mite.  
We editors screamed  
At the top of our lungs,  
"Sponsor, Dear Sponsor!  
What can be done?  
We can't find the pictures,  
The photographers are gone,  
The dark room is flooded-  
This just can't go on!"  
Late into the night  
We worked (until day),  
Got the annual finished,  
And sent it away.

VARIETY SHOW

Who's Who in Music

The Lakeside CHORAL DEPARTMENT has grown in total enrollment from 60 to 130 in the past two years.

In November, 19 choir students auditioned individually for All-Region Choir in Arkadelphia. Seventeen made the All-Region Choir and two were first alternates.

In January, 1978, those in All-Region Choir auditioned in Conway for All-State Choir. Four students made All-State Choir.

In March, 1978, the Girls Chorus, Bel Canto, and the Madrigals competed in the Region Choir Festival in Arkadelphia. All groups qualified to go to State competition. Bel Canto and Madrigals made all superior ratings.

In April, the Choirs competed in the State Choir Festival in Conway. All groups earned high ratings with the Bel Canto again scoring three superior ratings.

Three students were chosen to Who's Who in Music.
